

~Alert~

Take action for child care!

Flood BC Liberal MLAs with faxes

Tuesday, February 20 is BC Budget Day. The Campbell government began this year by cutting the child care budget. Any announcements they make now will likely be one-time only, stopgap funding that does not even begin to fix the child care problems they've caused.

BCGEU members and their communities are urged to flood the Campbell government with a strong message – restore child care funding and build a child care system!

Please take a moment on Monday or Tuesday to fax:

- Premier Gordon Campbell
at 250-387-0087
- Minister of Finance Carole Taylor
at 250-387-5594
- Minister of State for Child Care
Linda Reid at 250-356-8337

Please send a copy of your message to your Liberal MLA.

See www.leg.bc.ca/mla/3-1-1.htm for MLA fax numbers.

Working families in every BC community need child care. The provincial government's funding cuts and attacks on child care programs affects us all, but especially children in BC. By cutting child care funding again, the Campbell government has shown it

doesn't care about the future of our children or working families.

Pass on this information to everyone you know. Each person can add a personal message and fax it to their Liberal MLA.

OUR CHILDREN COUNT

The BC Liberal Government has cut child care funding. The public has responded and local media have reported the crisis, yet this government chooses to not listen. Fax your message on the importance of funding quality child care.
